# **KI-CAMP INTRODUCTION**

#### KI Martial Arts Camp has the best staff, here's why:

As KI Martial Arts is an accredited camp by the American Camp Association (ACA) we spend many hours during the winter and spring season meeting and preparing our KI summer staff. Our camp counselors and directors are educated in the administration of key aspects of our camp operation, particularly those related to our program quality as well as the health and safety of campers and staff. We ensure that our staff meets the expectations we set for them, each current staff member and new staff members have been through a background check. Our staff is dedicated in making sure our campers are happy and having the best experiences at our camp.

#### Tae Kwon Do & Weapons Classes

Here at KI-Martial Arts we hold high the quality of our Tae Kwon Do lessons. During our summer camp program the campers have the opportunity to experience their classes at a time that is designated only to our campers.

# **BENEFITS OF KI-CAMP**

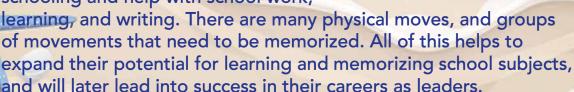

The discipline of Taekwondo leads to increased energy, better health and fitness, greater coordination, and higher self-esteem. These qualities are vital to a happier, longer life.

Taekwondo strengthens your body and improves your health through physical exercise and conditioning. Isometric and dynamic tension exercises will allow you to gain better muscle tone and more strength. A gradual building process of safe and easy stretching techniques will enhance flexibility, while breathing and concentration exercises lead to sharper reflexes and senses.

It has been proven that Taekwondo helps children develop their concentration skills, which in turn helps them in school.

Children in our program progress at their own rate. Not only do students learn the physical parts of martial arts, but there are so many educational and mental parts they are required to learn. This will lead into their schooling and help with school work,

Sending your kids to KI camp this summer will benefit them in numerous ways but the memories they make will stay with them for the rest of their lives.

Each child is different, and it's important that your child is allowed to have time every day to do what they consider to be "fun."

We know how important it is for the development of good mental health, and the lessons that you teach your children today will help form their future habits.
